

URGENT BUSINESS PROPOSAL

I am Mr. Albert Smith, head of wire department Africa Development Bank South Africa. I made this contact with you based on the need for an individual/company who is willing to assist me with a solution to a money transfer.

This amount **USD16.500.000.00** represents the balance in the account of **Marla Sanchez Pietton**, the wife of France's ambassador to Lebanon, who lost her precious life in An Ethiopian jet carrying 90 passengers and crew that plunged into the sea of Lebanon in a ball of fire just after takeoff in stormy weather early on **Monday, 25/01/2010.**(<http://news.bbc.co.uk/2/hi/8478060.stm>)

I am her personal banker, apart from me and her no one is aware that she has such kind of money in this branch. The money originally belongs to a foundation which she belonged to in France. Her intention was to own her own mall in Ethiopia or Lebanon. My duty was to look for someone who she will present as the owner of the mall. Based on this plans, she had visited South Africa several times to have a meeting with me and my colleague.

All documents that cover the legality of this fund are all with me and we are determined to carry out her dream and see it come to pass should you be willing to assist me in the transaction. We will discuss the mode of sharing and other benefits as we once I hear from you. To enable us commence, please do get back to me.
