MR. FERRANDO JORGE MULEY LUIS
NO 13 LEA ROAD SOUTHALL,
MIDDLESEX LONDON, UK

My name is Mr. FERRANDO JORGE MULEY LUIS a professional banker and the financial consultants to Omar Bongo, late president of republic of Gabon, who died 8th of June, 2009 in Barcelona, Spain.

Before his death he amassed a fortune, including 66 private bank account and more than 45 houses all over the world in the name of his immediate family.

He also made a lot of cash deposit in big security companies in Spain, France and Belgium and Switzerland.

As i write to you there is a cash deposit of \$40 million US Dollars he made in a security company in Spain in a coded formula, it's only his wife and I who knows about it.

Now as his financial consultants, who have good knowledge of the deposit, the wife has mandated me to seek for a reliable, trust worthy person who will stand as beneficiary to receive the funds for proper and profitable investment as she cannot lay direct claim to the funds because of the ongoing probe and investigation of Omar Bongo past administration by the present Gabonese government.

There is no risk involved at all as all the logistics for a smooth transaction has been perfected by us.

She has agreed to offer you 30%, of the funds for this assistance. Please this is a highly confidential proposal which must be kept secret to you only.

As you receive this letter I will be in Spain in regards of this transaction, if you are interested to partner with us do contact me on my direct telephone number stated below or better still via my email address.

I will appreciate your earliest response.

Yours sincerely
